

## Framingham Youth Football & Cheerleading

### Coaches Application

Thank you for your interest in coaching for the Framingham Youth Football and Cheer Program! The goal of our organization is to enrich the lives of young people by providing a safe and affordable football and cheer program, where participants will have fun and develop the values of leadership, sportsmanship, and teamwork.

We encourage scholastic achievement, competition, and playing well at all levels of this organization. Most will find this to be a very rewarding and fun experience. Our focus and priorities are player safety and character development. Yes, we want to WIN, but not at the expense of our integrity. We play well to maintain a reasonable level of competitiveness so that we get kids to come back season after season.

What we do need is adult volunteer coaches that are honest, open-minded to the game of football and cheerleading, reliable, good managers, people that know how to motivate children and have an interest in the development of the young people in their care.

This organization has set some very high standards. You do not need to know the game of football extensively, we will train you! Coaches that complete our training do very well and have applied this training to other coaching interests.

We have a variety of coaches with different skill levels and abilities. We want and need all of the help you can provide. You are welcome to bring your own style and experience and you do not have to agree with all of our plans and schemes, just the level of standards that have been established, however our mission statement and coaching philosophy dictates everything we can do together.

We look forward to having you join our coaching family! Get ready for some long hours, hard work and great satisfaction in seeing the kids you coach come together as a team. Thank you for considering coaching with us and this rewarding program.

Sincerely,

Framingham Youth Football & Cheer Program
